

WILD WOMEN OF PLANET WONGO

**"A RETRO-FUTURISTIC
IMMERSIVE MUSICAL...
DELIGHTFUL AND ZANY!"**

- NY Theatre Guide

WILD WOMEN OF PLANET WONGO is a wacky sci-fi musical comedy about two astronauts who land on a planet of beautiful warrior women who have never seen men. The show is immersive, meaning there is no separation between audience and actors. In this unique, interactive combination of comedy show and dance party, audience members are encouraged to move around the space, drink, dance, play games and be part of the fun. Wongotinis will flow, songs will be sung and the Wongo Wuwow will commence.
